

STEVE BODEY.

Digital Designer

2017–2026

FearNaught Studio | *Chatham, Kent*

Worked together with clients to gather and refine design requirements. Designed user interfaces and page layouts, and developed email campaigns. Created a variety of digital assets, such as animated and static display ads, social media visuals, presentations, eBooks, and short 2D motion graphic videos. Produced a diverse range of print materials, including brochures, reports, flyers, vinyl/roll-up banners, stationery, packaging, POS displays, and trade show stands. Coordinated daily work schedule and managed studio operations in the absence of the company director. Provided mentorship and guidance to junior designers and interns.

Web Designer & Developer

2013–2017

Freelance | *Herne Bay, Kent*

Collaborated with clients to understand technical and design requirements. Designed user interfaces and page layouts. Transformed approved designs into fully functional, responsive websites using HTML, CSS, and jQuery, incorporating WordPress for content management when requested. Performed basic SEO tasks to enhance site visibility. Conducted thorough website testing and implemented necessary revisions based on results and client feedback.

Digital Designer

2010–2012

GForces Web Management | *Maidstone, Kent*

Developed user interface designs for multiple high-profile automotive industry clients' websites, all built on the GForces NetDirector platform. Produced a variety of digital assets, including banner advertisements, email campaigns, PPC landing pages, and Flash animations. Mentored junior designers, interns, and work experience placements. Recognised with the company-wide 'Player's Player' award for exceptional support and collaboration with colleagues.

Designer & Front-end Developer

2007–2010

Sitewizard | *Maidstone, Kent*

Designed and developed websites for over 100 clients across various industries, utilizing HTML, CSS, and jQuery for seamless integration into the company's content management system, often under tight deadlines. Created Flash animations, and designed logos and stationery. Led a team of designers in the absence of the Head of Design, while also providing mentorship to junior team members.
